The ART Club Tbilisi YOUTH

Cultivating the Next Generation of Art Connoisseurs

The concept of The Art Club Tbilisi YOUTH is founded on the belief that a well-educated, culturally fluent, and versatile next generation constitutes the nation's most valuable capital. The club aims to nurture a future generation that is deeply knowledgeable about the arts, critically discerning, and passionately connected with cultural life.

Within the framework of a one-year program, adolescents and young participants will gain foundational knowledge in the field of visual arts, develop the ability to converse confidently about art, and cultivate practical skills for creative self-expression.
